têm entre si justo e contratado firmar o presente **INSTRUMENTO PARTICULAR DE PROTOCOLO E JUSTIFICAÇÃO DE INCORPORAÇÃO DA FLEETZIL PELA LM INTERESTADUAIS** (“Protocolo”), nos termos dos artigos 223 a 234 da Lei nº 6.404/76 e dos artigos 1.116 a

1.122 da Lei nº 10.406/02, com o fim de levar a efeito a incorporação da Fleetzil pela LM Interestaduais, mediante os termos e condições a seguir estabelecidos:

I. Capital Social da Fleetzil antes da Incorporação

1.1 O capital social da Fleetzil é de R\$ 1.723.750.917,00 (um bilhão, setecentos e vinte e três milhões, setecentos e cinquenta mil, novecentos e dezessete reais), dividido em 1.723.750.917 (um bilhão, setecentas e vinte e três milhões, setecentas e cinquenta mil, novecentos e dezessete) quotas subscritas e totalmente integralizadas, no valor nominal de R\$ 1,00 (um real) cada, todas de propriedade da Simple Way Locações e Serviços S.A.

1.2 O capital social da LM Interestaduais é de R\$ 1.038.750.865,39 (um bilhão, trinta e oito milhões, setecentos e cinquenta mil, oitocentos e sessenta e cinco reais e trinta e nove centavos), dividido em 188.905 (cento e oitenta e oito mil, novecentas e cinco) ações ordinárias, todas nominativas e sem valor nominal, totalmente integralizadas, distribuídas entre os acionistas da seguinte forma:

Acionistas	nº Ações	% do Capital
Fleetzil	104.179	55,150%
Luiz Lopes Mendonça Filho	42.363	22,425%
Aurora Maria Moura Mendonça	42.363	22,425%
Total	188.905	100%

II. Justificativas

2.1 A incorporação aqui proposta se justifica pela conveniência da unificação de atividades e estruturas da Fleetzil pela LM Interestaduais, especialmente considerando que a Fleetzil e a LM Interestaduais são empresas do ramo de locação de veículos, com foco em gestão de frotas, e ambas as sociedades são parte do mesmo grupo econômico. Além disso, a incorporação reversa se justifica pelo fato de a LM Interestaduais possuir maior frota, número de filiais e presença no território nacional. Desta forma, os administradores da Fleetzil e da LM Interestaduais entendem que a incorporação reversa da Fleetzil pela LM Interestaduais (“Incorporação”) proporcionará maior eficiência operacional e administrativa, bem como a minimização e racionalização dos custos atualmente despendidos com a manutenção de ambas as sociedades.

2.2 Em decorrência da Incorporação, conforme as disposições aplicáveis da legislação societária e aquelas constantes neste Protocolo (i) a Fleetzil será extinta, sendo inteiramente sucedida, em todos os seus bens, direitos e obrigações, pela LM Interestaduais, e (ii) o capital social e o quadro societário da LM Interestaduais serão alterados.

2.3 A avaliação, a valor contábil, do acervo líquido consolidado da Fleetzil a ser totalmente incorporado na LM Interestaduais foi realizado por **Ernst & Young Auditores Independentes S/S**, com sede na Cidade de São Paulo, Estado de São Paulo, na Avenida Presidente Juscelino Kubitschek, nº 1909, Torre Norte, 8º andar, conjunto 81, Vila Nova Conceição, CEP 04543-907, inscrita no CNPJ/ME sob o nº 61.366.936/0001-25 e no Conselho Regional de Contabilidade do Estado de São Paulo sob o nº CRC-2SP 034519/O-6, representada por seu sócio, **Rui Borges**, brasileiro, casado, contador, portador da Cédula de Identidade RG nº 20.280.341-7 SSP/SP, inscrito no CPF/ME sob o nº 148.509.938-26 e no Conselho Regional de Contabilidade do Estado de São Paulo sob o nº CRC-1SP207135/O-2, residente e domiciliado na Cidade de São Paulo, Estado de São Paulo, com escritório no mesmo endereço da representada (“EY”). A EY foi unânime e previamente indicada e contratada para avaliar a Fleetzil, *ad referendum* das decisões dos sócios da Fleetzil e da LM Interestaduais.

III. CONDIÇÕES

- (c) Critério de Avaliação do Acervo Líquido da Fleetzil: o método utilizado na avaliação do acervo líquido da Fleetzil corresponde ao seu respectivo valor contábil, obtido de acordo com as práticas e princípios contábeis adotados no Brasil, conforme estabelecido nos registros e livros contábeis da Fleetzil e refletidos no balanço base da Incorporação.

- (e) Laudo de Avaliação: o valor do acervo líquido da Fleetzil a ser incorporado pela LM Interestaduais, já desconsiderada a participação da Fleetzil na própria LM Interestaduais, foi avaliado em R\$ 54.600.000,00 (cinquenta e quatro milhões e seiscentos mil reais), conforme se verifica no laudo de avaliação que constitui o Anexo A deste instrumento ("Laudo de Avaliação"). Fica esclarecido que o Laudo de Avaliação será submetido ao exame e deliberação dos sócios das empresas envolvidas na operação.
- (f) Destinação do Acervo Líquido: os ativos da Fleetzil, conforme estabelecido no Laudo de Avaliação, serão transferidos para a LM Interestaduais.
 - (1) Os veículos de titularidade da Fleetzil, listados no Anexo B do presente instrumento, serão transferidos à LM Interestaduais em razão da Incorporação.

Considerando que, com a Incorporação, a Fleetzil será extinta, as ações anteriormente detidas por ela no capital social da LM Interestaduais passam a ser de titularidade de sua única sócia, **Simple Way Locações e Serviços S.A.**, sociedade anônima de capital fechado, com sede na Rua Antonio Singer, nº 6751, Centro de Comunicação Volkswagen – lado direito, Campo Largo da Roseira, CEP 83090-901, Cidade de São José dos Pinhais, Estado do Paraná, inscrita no CNPJ/ME sob o nº 02.763.931/0001-77 ("Simple Way"). Além disso, as 22.910 (vinte e duas mil, novecentas e dez) novas ações ordinárias emitidas pela LM Interestaduais em decorrência da Incorporação serão integralmente subscritas pela Simple Way. Em razão do acima exposto, a Simple Way ingressará no quadro de acionistas da LM Interestaduais.

- (3) Assim, por consequência da Incorporação, as ações ordinárias representativas do capital social total e votante da LM Interestaduais passarão a ser distribuídas da seguinte forma:

IV. LEI APLICÁVEL E RESOLUÇÃO DE CONFLITOS

4.1. Lei Aplicável. Este Protocolo será regido e interpretado de acordo com as leis da República Federativa do Brasil.

4.2. Controvérsias. A Fleetzil, seus respectivos sócios e membros da administração, bem como a LM Interestaduais, seus respectivos acionistas e membros da administração ("Partes") deverão tentar solucionar de forma amigável qualquer controvérsia, disputa ou reivindicação decorrente deste Protocolo ou relativo a ele, ou a violação, rescisão ou

validade do mesmo (“Disputa”). Se as Partes não conseguirem solucionar tal Disputa de boa-fé, as Partes farão com que seus respectivos representantes se encontrem pessoalmente ou por meio de conferência telefônica, no máximo 5 (cinco) dias úteis após a Disputa ter sido submetida a eles, para tentar alcançar um acordo referente a tal questão. Se os representantes das Partes não conseguirem alcançar um acordo no prazo de 10 (dez) dias úteis após tal reunião ter sido primeiramente conduzida, qualquer parte discordante poderá submeter a Disputa a arbitragem, de acordo com as disposições do item 4.2.1 abaixo.

4.2.1 Independentemente do disposto no item 4.2 acima, e mesmo antes do término do prazo estabelecido acima, as Partes poderão submeter todas e quaisquer Disputas à arbitragem. Com exceção de Disputas sujeitas a execução judicial imediata, todas as demais Disputas relacionadas a este Protocolo, incluindo, sem limitação, quaisquer questões relativas à existência, validade, vigência, eficácia, interpretação, rescisão ou execução deste, serão obrigatória, exclusiva e definitivamente submetidas a arbitragem a ser conduzida pelo Centro de Mediação e Arbitragem da Câmara de Comércio Brasil-Canadá (“CAM-CCBC” ou “Câmara de Arbitragem”). O procedimento arbitral deverá ser instaurado e processado de acordo com as Regras de Arbitragem da CAM-CCBC e da Lei de Arbitragem.

4.2.1.1. Para que não haja dúvidas, o item 4.2.1 vincula todas as Partes, que concordam em cumprir e se submeter aos termos e condições do item 4.2.1, e estará irrevogavelmente em pleno vigor e efeito, e sujeito a execução específica. Nenhum instrumento ou condição adicionais são necessários para torná-lo plenamente vigente e efetivo.

4.2.1.2. O Tribunal Arbitral será composto por 3 (três) árbitros, sendo que 1 (um) deles será nomeado pela parte que solicitou a instauração da arbitragem, outro pela parte contra qual a arbitragem foi instaurada, e o terceiro — que será o Presidente do Tribunal Arbitral —, pelos 2 (dois) árbitros escolhidos pelas Partes da arbitragem. Caso o Presidente do Tribunal Arbitral não seja nomeado pelos co-árbitros dentro de, no máximo, 10 (dez) dias úteis a partir da nomeação do segundo árbitro, será de responsabilidade do Presidente da Câmara Arbitral nomear o Presidente do Tribunal Arbitral. No caso de litisconsórcio entre as Partes, os requerentes ou requeridos, conforme o caso, deverão acordar mutuamente a respeito de um árbitro para participar do Tribunal Arbitral, ficando entendido que, caso as Partes não consigam chegar a um acordo a esse respeito, o árbitro deverá ser escolhido pelo Presidente da CAM-CCBC, conforme as Regras de Arbitragem. Caso haja muitas Partes com interesses diferentes, de forma que um litisconsórcio entre Partes seja inviável, todas as Partes envolvidas deverão nomear em conjunto 2 (dois) árbitros, que, por sua vez, nomearão o Presidente do Tribunal Arbitral; caso as Partes envolvidas deixem de nomeá-lo em 10 (dez) dias úteis após a submissão de qualquer disputa à arbitragem, todos os 3 (três) árbitros serão nomeados pela CAM-CCBC, conforme as Regras de Arbitragem. Além dos

impedimentos previstos nas Regras de Arbitragem, nenhum árbitro nomeado de acordo com esta cláusula compromissória de arbitragem poderá ser um empregado, representante ou ex-empregado de qualquer uma das Partes ou de qualquer pessoa associada, direta ou indiretamente, a elas, ou proprietário de qualquer das Partes ou de uma pessoa direta ou indiretamente associada a elas.

4.2.1.3. A sede da arbitragem será a cidade de São Paulo, Estado de São Paulo, Brasil, onde a sentença será proferida.

4.2.1.4. O idioma oficial para todos os atos de arbitragem segundo este Protocolo será o português e as leis da República Federativa do Brasil serão aplicáveis. O Tribunal Arbitral não deverá recorrer às regras de equidade para resolver as disputas submetidas a ele.

4.2.1.5. As decisões do Tribunal Arbitral serão finais, irrecorríveis e vinculativas para as Partes, seus sucessores a qualquer título e cessionários, que concordam em cumpri-la espontaneamente e renunciam expressamente a qualquer forma de recurso, com exceção da solicitação de correção de erro material ou esclarecimento de incerteza, dúvida, contradição ou omissão das decisões do Tribunal Arbitral, conforme previsto no artigo 30 da Lei nº 9.307/96 ("Lei de Arbitragem"), com exceção, ainda, do exercício de boa-fé do pedido de anulação estabelecido no artigo 33 da Lei de Arbitragem. Caso necessário, as decisões do Tribunal Arbitral poderão ser executadas em qualquer tribunal que tenha jurisdição ou autoridade sobre as Partes ou seus respectivos ativos. A decisão incluirá a distribuição e o reembolso de custos à parte vencedora, incluindo, sem limitação, honorários advocatícios e despesas razoáveis conforme o Tribunal Arbitral considerar adequado.

4.2.1.6. Antes da instituição da arbitragem, as Partes poderão pleitear medidas cautelares ou de urgência ao Poder Judiciário. Consequentemente, este balanço patrimonial não contempla as demonstrações do resultado, do resultado abrangente, das mutações do patrimônio líquido e dos fluxos de caixa, bem como não apresenta saldos comparativos com períodos anteriores e notas explicativas. Neste contexto, este balanço patrimonial tem uso específico dentro do âmbito da reestruturação societária.

Políticas contábeis

(a) *Combinação de negócios*

Combinações de negócios são contabilizadas aplicando o método de aquisição. O custo de uma aquisição é mensurado pela soma da contraprestação transferida, que é avaliada com base no valor justo na data de aquisição, e o valor de qualquer participação de não controladores na adquirida. Para cada combinação de negócio, a adquirente deve mensurar a participação de não controladores na adquirida pelo valor justo ou com base na sua participação nos ativos líquidos identificados na adquirida. Custos diretamente atribuíveis à aquisição são contabilizados como despesa quando incorridos.

A Empresa determina que adquiriu um negócio quando o conjunto adquirido de atividades e ativos inclui, no mínimo, um input - entrada de recursos e um processo substantivo que juntos contribuam significativamente para a capacidade de gerar output - saída de recursos. O processo adquirido é considerado substantivo se for essencial para a capacidade de desenvolver ou converter o input - entrada de recursos adquirido em outputs - saídas de recursos, e os inputs - entradas de recursos adquiridos incluem tanto a força de trabalho organizada com as habilidades, conhecimentos ou experiência necessários para executar esse processo; ou for fundamental para a capacidade de continuar a produzir outputs e é considerado único ou escasso ou não pode ser substituída sem custo, esforço ou atraso significativos na capacidade de continuar produzindo outputs - saída de recursos.

Ao adquirir um negócio, a Empresa avalia os ativos e passivos financeiros assumidos com o objetivo de classificá-los e alocá-los de acordo com os termos contratuais, as circunstâncias econômicas e as condições pertinentes na data de aquisição, o que inclui a segregação, por parte da adquirida, de derivativos embutidos existentes em contratos hospedeiros na adquirida.

Qualquer contraprestação contingente a ser transferida pela adquirente será reconhecida ao valor justo na data de aquisição. Alterações subsequentes no valor justo da contraprestação contingente considerada como um ativo ou como um passivo deverão ser reconhecidas de acordo com o CPC 48 na demonstração do resultado.

(b) Ágio

Inicialmente, o ágio é mensurado como sendo o excedente da contraprestação transferida em relação aos ativos líquidos adquiridos (ativos identificáveis adquiridos, líquidos e os passivos assumidos). Se a contraprestação for menor do que o valor justo dos ativos líquidos adquiridos, a diferença deverá ser reconhecida como ganho na demonstração do resultado.

Após o reconhecimento inicial, o ágio é mensurado pelo custo, deduzido de quaisquer perdas acumuladas do valor recuperável. Para fins de teste do valor recuperável, o ágio adquirido em uma combinação de negócios é, a partir da data de aquisição, alocado a cada uma das unidades geradoras de caixa do Grupo que se espera sejam beneficiadas pelas sinergias da combinação, independentemente de outros ativos ou passivos da adquirida ser atribuídos a essas unidades.

Quando um ágio fizer parte de uma unidade geradora de caixa e uma parcela dessa unidade for alienada, o ágio associado à parcela alienada deve ser incluído no custo da operação ao apurar-se o ganho ou a perda na alienação. O ágio alienado nessas circunstâncias é apurado com base nos valores proporcionais da parcela alienada em relação à unidade geradora de caixa mantida.

(c) *Moeda funcional e moeda de apresentação*

Os itens incluídos nas demonstrações financeiras são mensurados usando a moeda do principal ambiente econômico no qual a Empresa atua (a "moeda funcional"). As demonstrações financeiras estão apresentadas em R\$, que é a moeda funcional da Empresa e, também, a moeda de apresentação.

(d) Transações e saldos

As operações com moedas estrangeiras são convertidas para a moeda funcional, utilizando as taxas de câmbio vigentes nas datas das transações ou nas datas da avaliação, quando os itens são remensurados.

Os ganhos e as perdas cambiais relacionados com empréstimos são apresentados na demonstração do resultado como "Variações cambiais, líquidas".

(e) *Caixas e equivalentes de caixa*

Caixa e equivalentes de caixa incluem o caixa, os depósitos bancários e outros investimentos de curto prazo de alta liquidez, com vencimentos originais de até três meses, e com risco insignificante de mudança de valor.

(f) Ativos financeiros

Classificação

A Empresa classifica seus ativos financeiros sob as seguintes categorias de mensuração:

- Mensurados ao valor justo (seja por meio de outros resultados abrangentes ou por meio do resultado).

(i) Hierarquia do valor justo

Ao determinar e divulgar o valor justo dos instrumentos financeiros, a Instituição utiliza a hierarquia a seguir:

Nível 1: preços cotados, não ajustados, em mercados ativos para ativos e passivos idênticos.

Nível 2: informações que são observáveis para o ativo ou passivo, seja direta ou indiretamente, exceto preços cotados incluídos no Nível 1.

Nível 3: dados não observáveis para ativos ou passivos.

- Mensurados ao custo amortizado.

A classificação depende do modelo de negócio da Empresa para gestão dos ativos financeiros e os termos contratuais dos fluxos de caixa.

(ii) Mensuração

No reconhecimento inicial, a Empresa mensura um ativo financeiro ao valor justo acrescido, no caso de um ativo financeiro não mensurado ao valor justo por meio do resultado, dos custos da transação diretamente atribuíveis à aquisição do ativo financeiro. Os custos de transação de ativos financeiros ao valor justo por meio do resultado são registrados como despesas no resultado.

(iii) *Impairment de ativos financeiros*

A Empresa avalia, em base prospectiva, as perdas esperadas de crédito associadas aos títulos de dívida registrados ao custo amortizado. A metodologia de *impairment* aplicada depende de ter havido ou não um aumento significativo no risco de crédito.

Para as contas a receber de clientes, a Empresa aplica a abordagem simplificada conforme permitido pelo IFRS 9 / CPC 48 e, por isso, reconhece as perdas esperadas ao longo da vida útil a partir do reconhecimento inicial dos recebíveis.

(iv) Compensação de instrumentos financeiros

Ativos e passivos financeiros são compensados e o valor líquido é apresentado no balanço patrimonial quando há um direito legal de compensar os valores reconhecidos e há a intenção de liquidá-los em uma base líquida, ou realizar o ativo e liquidar o passivo simultaneamente. O direito legal não deve ser contingente em eventos futuros e deve ser aplicável no curso normal dos negócios e no caso de inadimplência, insolvência ou falência da empresa ou da contraparte.

(v) Instrumentos financeiros e derivativos

Inicialmente, os derivativos são reconhecidos pelo valor justo na data em que um contrato de derivativos é celebrado e são, subsequentemente, remensurados ao seu valor justo. O método para reconhecer o ganho ou a perda resultante depende do fato do derivativo ser designado ou não como um instrumento de hedge nos casos de adoção da contabilidade de hedge (hedge accounting). Sendo este o caso, o método depende da natureza do item/objeto que está sendo protegido por hedge. O Grupo adota a contabilidade de hedge (hedge accounting) e designa certos derivativos como hedge do valor justo de passivos reconhecidos ou de um compromisso firme (hedge de valor justo).

(vi) Hedge de valor justo

As variações no valor justo de derivativos designados e qualificados como hedge de valor justo são registradas na demonstração do resultado, com quaisquer variações no valor justo do ativo ou passivo protegido por hedge que são atribuíveis ao risco protegido. A empresa só aplica a contabilidade de hedge de valor justo para se proteger contra o risco da variação cambial dos empréstimos em moeda estrangeira de taxas de juros fixos de empréstimos. O ganho ou perda relacionado com a parcela efetiva de swaps de taxa de juros para proteção contra empréstimos com taxas fixas em moeda estrangeira é reconhecido na demonstração do resultado como "Despesas financeiras". O ganho ou perda relacionado com a parcela não efetiva é reconhecido na demonstração do resultado como "Outros ganhos (perdas), líquidos". As variações no valor justo dos empréstimos em moeda estrangeira com taxas fixas protegidas por hedge, atribuíveis ao risco da variação cambial de taxa de juros, são reconhecidas na demonstração do resultado como "Despesas financeiras".

Se o hedge não mais atender aos critérios de contabilização do hedge, o ajuste no valor contábil de um item protegido por hedge, para o qual o método de taxa efetiva de juros é utilizado, é amortizado no resultado durante o período até o vencimento.

(g) Contas a receber de clientes

As contas a receber de clientes correspondem aos valores a receber pela prestação de serviços no curso normal das atividades da Empresa. A Empresa mantém as contas a receber de clientes com o objetivo de arrecadar fluxos de caixa contratuais e, portanto, essas contas são, inicialmente, reconhecidas pelo valor justo e, subsequentemente,

mensuradas pelo custo amortizado com o uso do método da taxa efetiva de juros, deduzidas das provisões para perdas.

Se o prazo de recebimento é equivalente a um ano ou menos, as contas a receber são classificadas no ativo circulante. Caso contrário, estão apresentadas no ativo não circulante.

A Empresa apresenta como Contas a Receber de Clientes na rubrica “Locações a Receber” os fluxos de caixa futuros não descontados a valor presente e na rubrica “Rendas a Apropriar” (conta redutora dos recebíveis) as parcelas futuras vencíveis não descontadas a valor presente, de forma que o saldo líquido representa o saldo dos serviços prestados descontados a valor presente na data do balanço.

(h) Veículos de frota destinados a venda

São classificados como “veículos de frota destinados a venda” os carros cujos valores contábeis serão recuperados por meio da venda, em vez do uso contínuo. Essa condição é considerada atendida quando: (i) os carros estão disponíveis para venda imediata em suas condições atuais, sendo sua venda altamente provável; (ii) a Administração está comprometida com a venda dos carros desativados do imobilizado; (iii) os carros são efetivamente colocados à venda por preço razoável em relação ao seu valor justo corrente; e (iv) espera-se que a venda se qualifique como concluída em até um ano a partir da data da classificação.

Os veículos de frota destinados a venda são apresentados pelo menor valor entre o valor justo deduzido das despesas estimadas de venda e o seu valor contábil líquido, que contempla o custo de aquisição líquido da depreciação acumulada até a data em que são classificados como “veículos de frota destinados a venda”.

(i) Imobilizado

Os itens do imobilizado são mensurados pelo seu custo histórico de aquisição menos o valor da depreciação e de qualquer perda não recuperável acumulada. O custo histórico inclui os gastos diretamente atribuíveis necessários para preparar o ativo para o uso pretendido pela administração, excluindo custos de financiamentos.

A depreciação é calculada sobre o valor depreciável, que é o custo de um ativo, ou outro valor substituto do custo, deduzido do valor residual.

A depreciação é reconhecida no resultado tendo como base o método linear com relação às vidas úteis estimadas de cada parte de um item do imobilizado, tendo em conta que este método é o que mais reflete de perto o padrão de consumo de benefícios econômicos futuros incorporados no ativo.

O valor contábil de um ativo é imediatamente baixado ao seu valor recuperável quando o valor contábil do ativo é maior do que seu valor recuperável estimado.

Os métodos de depreciação, as vidas úteis e os valores residuais serão revistos a cada encerramento de exercício financeiro e eventuais ajustes são reconhecidos como mudança

de estimativas contábeis.

	Vida útil (anos)
Veículos para locação (*)	3 a 6
Veículos próprios	5
Benfeitorias em propriedade de terceiros	6
Equipamentos	10
Móveis e utensílios	10
Sistemas de processamento de dados	5
Sistema de informações	5

(*) o tempo de vida útil de cada veículo é de acordo com os contratos de locação, podem ser de 12 a 36 meses para veículos leves e de até 72 meses para veículos pesados.

(j) Intangível

Softwares

As licenças de softwares são capitalizadas com base nos custos incorridos para adquirir os softwares e fazer com que eles estejam prontos para serem utilizados. Esses custos são amortizados durante a vida útil estimada dos softwares de cinco anos.

Os custos associados à manutenção de *softwares* são reconhecidos como despesa, quando incorridos. Os custos de desenvolvimento que são diretamente atribuíveis ao projeto e aos testes de produtos de *software* identificáveis e exclusivos, controlados pelo Empresa, são reconhecidos como ativos intangíveis.

(k) Contas a pagar aos fornecedores

As contas a pagar aos fornecedores são obrigações a pagar por bens ou serviços que foram adquiridos no curso normal dos negócios, sendo classificadas como passivos circulantes se o pagamento for devido no período de até um ano. Caso contrário, as contas a pagar são apresentadas como passivo não circulante.

(l) Empréstimos

Os empréstimos são reconhecidos, inicialmente, pelo valor justo, líquido dos custos incorridos na transação e são, subsequentemente, demonstrados pelo custo amortizado, exceto pelos empréstimos em moeda estrangeira.

Qualquer diferença entre os valores captados (líquidos dos custos da transação) e o valor total a pagar é reconhecida na demonstração do resultado durante o período em que os empréstimos estejam em aberto, utilizando o método da taxa efetiva de juros.

Os empréstimos são classificados como passivo circulante, a menos que a Empresa tenha um direito incondicional de diferir a liquidação do passivo por, pelo menos, 12 meses após a data do balanço.

(m) Imposto de renda e contribuição social corrente e diferido

As despesas de imposto de renda e contribuição social compreendem os impostos corrente e diferido. Os impostos sobre a renda são reconhecidos na demonstração do resultado.

O encargo de imposto de renda e a contribuição social corrente e diferido é calculado com base nas leis tributárias promulgadas, ou substancialmente promulgadas, na data do balanço do país em que a Empresa atua e gera lucro tributável. A administração avalia, periodicamente, as posições assumidas pela Empresa nas apurações de impostos sobre a renda com relação às situações em que a regulamentação fiscal aplicável dá margem a interpretações; e estabelece provisões, quando apropriado, com base nos valores estimados de pagamento às autoridades fiscais.

O imposto de renda e a contribuição social corrente são apresentados líquidos: no passivo quando houver montantes a pagar, ou no ativo quando os montantes antecipadamente pagos excedem o total devido na data do relatório.

O imposto de renda e a contribuição social diferidos são reconhecidos sobre as diferenças temporárias decorrentes de diferenças entre as bases fiscais dos ativos e passivos e seus valores contábeis nas demonstrações financeiras.

O imposto de renda e a contribuição social diferidos ativo são reconhecidos somente na proporção da probabilidade de que lucro tributável futuro esteja disponível e contra o qual as diferenças temporárias possam ser usadas.

(n) Reconhecimento da receita

A receita compreende o valor justo da contraprestação recebida ou a receber pela comercialização de serviços no curso normal das atividades da Empresa. A receita é apresentada líquida de impostos, devoluções, abatimentos e descontos.

A Empresa reconhece a receita quando:

- (i) o valor da receita pode ser mensurado com segurança;
- (ii) é provável que benefícios econômicos futuros fluam para a Empresa e;
- (iii) critérios específicos tenham sido atendidos para cada uma das atividades da Empresa, conforme descrição a seguir:

Receita de locações

A receita de aluguel proveniente de veículos arrendados a terceiros, conforme contrato de arrendamento operacional, é reconhecida pelo método linear na demonstração do resultado, durante o período de arrendamento.

O valor do contrato é reconhecido em sua totalidade como contas a receber de clientes ("Locações a receber"), tendo sua contrapartida na conta de rendas a apropriar (conta redutora de "Locação a receber"). A apropriação mensal da receita provém da conta de

rendas a apropriar de acordo com a vigência do contrato pelo método pró rata.

Receita financeira

A receita financeira é reconhecida conforme o prazo decorrido pelo regime de competência, usando o método da taxa efetiva de juros.

Capítulo VII - Exercício Social, Demonstrações Financeiras e Lucro

Artigo 17º. O exercício social terá início em 1º de janeiro e término em 31 de dezembro de cada ano. Ao fim de cada exercício social, a Diretoria procederá à elaboração das demonstrações financeiras da Companhia, com observância dos preceitos legais pertinentes.

Parágrafo Primeiro. Além das demonstrações financeiras ao fim de cada exercício social e trimestre, a Companhia fará elaborar as demonstrações financeiras trimestrais, com observância dos preceitos legais pertinentes.

Parágrafo Segundo. Juntamente com as demonstrações financeiras do exercício, os órgãos da administração da Companhia apresentarão à Assembleia Geral Ordinária proposta sobre a destinação a ser dada ao lucro líquido, com observância do disposto neste Estatuto Social, em qualquer Acordo de Acionistas arquivado na sede da Companhia e na Lei das S.A.

Parágrafo Terceiro. Observado o disposto em qualquer Acordo de Acionistas arquivado na sede da Companhia, a Companhia declarará, distribuirá e pagará aos acionistas, a título de dividendos e/ou juros sob capital próprio, o lucro líquido apurado em cada exercício social, sendo o lucro líquido, para fins deste Parágrafo, o resultado consolidado do exercício da Companhia após deduções exclusivamente de eventuais prejuízos acumulados e da provisão para imposto de renda, conforme previstos no art. 189 da Lei das S.A., e da alocação de montantes à reserva legal, observado o limite previsto no art. 193 na Lei das S.A., bem como outras deduções obrigatórias nos termos da Lei.

Parágrafo Quarto. A Companhia, por proposta da Diretoria, poderá:

- (a) distribuir dividendos com base em lucros apurados nos balanços semestrais;
- (b) levantar balanços relativos a períodos inferiores a um semestre e distribuir dividendos com base nos lucros nele apurados, desde que o total de dividendos pagos em cada semestre do exercício social não exceda o montante das reservas de capital de que trata o artigo 182, parágrafo 1º da Lei das S.A.;
- (c) distribuir dividendos intermediários, a conta de lucros acumulados ou de reservas de lucros existente no último balanço anual ou semestral; e (d) creditar ou pagar aos acionistas, na periodicidade que decidir, juros sobre o capital próprio, os quais serão imputados ao valor dos dividendos a serem distribuídos pela Companhia, passando a integrá-los para todos os efeitos legais.

Parágrafo Quinto. Os dividendos não recebidos ou reclamados prescreverão no prazo de 3 (três) anos, contados da data em que tenham sido postos à disposição do acionista, e reverterão em favor da Companhia.

Capítulo VIII - Da Liquidação e Dissolução

Artigo 18º. A Companhia entrará em liquidação nos casos previstos em Lei e mediante deliberação dos acionistas.

Artigo 19º. Na hipótese de liquidação ou dissolução da Companhia, o liquidante será designado em Assembleia Geral Extraordinária de Acionistas. Nesse caso, os ativos da Companhia serão utilizados para quitar seus débitos pendentes. Os ativos remanescentes, se existentes, serão distribuídos entre os acionistas, na proporção do número de ações por eles detidas.

Capítulo IX - Resolução de Conflitos

Artigo 20º. Os acionistas, os membros da Administração da Companhia e a Companhia (“**Partes**”) deverão tentar solucionar de forma amigável qualquer controvérsia, disputa ou reivindicação decorrente deste Estatuto Social ou relativo a ele, ou a violação, rescisão ou validade do mesmo (“**Disputa**”). Se as Partes não conseguirem solucionar tal Disputa de boa-fé, as Partes farão com que seus respectivos representantes se encontrem pessoalmente ou por meio de conferência telefônica, no máximo 5 (cinco) dias úteis após a Disputa ter sido submetida a eles, para tentar alcançar um acordo referente a tal questão. Se os representantes das Partes não conseguirem alcançar um acordo no prazo de 10 (dez) dias úteis após tal reunião ter sido primeiramente conduzida, qualquer parte discordante poderá submeter a Disputa a arbitragem, de acordo com as disposições do Artigo 21º abaixo.

Artigo 21º. Independentemente do disposto no Artigo 20º acima, e mesmo antes do término do prazo estabelecido acima, as Partes poderão submeter todas e quaisquer Disputas à arbitragem. Com exceção de Disputas sujeitas a execução judicial imediata, todas as demais Disputas relacionadas a este Estatuto Social, incluindo, sem limitação, quaisquer questões relativas à existência, validade, vigência, eficácia, interpretação, rescisão ou execução deste, serão obrigatória, exclusiva e definitivamente submetidas a arbitragem a ser conduzida pelo Centro de

Mediação e Arbitragem da Câmara de Comércio Brasil-Canadá (“**CAM-CCBC**” ou “**Câmara de Arbitragem**”). O procedimento arbitral deverá ser instaurado e processado de acordo com as Regras de Arbitragem da CAM-CCBC e da Lei de Arbitragem.

Parágrafo Primeiro. Para que não haja dúvidas, este Artigo 21º vincula todas as Partes, que concordam em cumprir e se submeter aos termos e condições deste Artigo 21º, e estará irrevogavelmente em pleno vigor e efeito, e sujeito a execução específica. Nenhum instrumento ou condição adicionais são necessários para torná-lo plenamente vigente e efetivo.

Parágrafo Segundo. O Tribunal Arbitral será composto por 3 (três) árbitros, sendo que 1 (um) deles será nomeado pela parte que solicitou a instauração da arbitragem, outro pela parte contra qual a arbitragem foi instaurada, e o terceiro — que será o Presidente do Tribunal Arbitral —, pelos 2 (dois) árbitros escolhidos pelas Partes da arbitragem. Caso o Presidente do Tribunal Arbitral não seja nomeado pelos co-árbitros dentro de, no máximo, 10 (dez) dias úteis a partir da nomeação do segundo árbitro, será de responsabilidade do Presidente da Câmara Arbitral nomear o Presidente do Tribunal Arbitral. No caso de litisconsórcio entre as Partes, os requerentes ou requeridos, conforme o caso, deverão acordar mutuamente a respeito de um árbitro para participar do Tribunal Arbitral, ficando entendido que, caso as Partes não consigam chegar a um acordo a esse respeito, o árbitro deverá ser escolhido pelo Presidente da CAM-CCBC, conforme as Regras de Arbitragem. Caso haja muitas Partes com interesses diferentes, de forma que um litisconsórcio entre Partes seja inviável, todas as Partes envolvidas deverão nomear em conjunto 2 (dois) árbitros, que, por sua vez, nomearão o Presidente do Tribunal Arbitral; caso as Partes envolvidas deixem de nomeá-lo em 10 (dez) dias úteis após a submissão de qualquer disputa à arbitragem, todos os 3 (três) árbitros serão nomeados pela CAM-CCBC, conforme as Regras de Arbitragem. Além dos impedimentos previstos nas Regras de Arbitragem, nenhum árbitro nomeado de acordo com esta cláusula compromissória de arbitragem poderá ser um empregado, representante ou ex-empregado de qualquer uma das Partes ou de qualquer pessoa associada, direta ou indiretamente, a elas, ou proprietário de qualquer das Partes ou de uma pessoa direta ou indiretamente associada a elas.

Parágrafo Terceiro. A sede da arbitragem será a cidade de São Paulo, Estado de São Paulo, Brasil, onde a sentença será proferida.

Parágrafo Quarto. O idioma oficial para todos os atos de arbitragem segundo este Estatuto Social será o português e as leis da República Federativa do Brasil serão aplicáveis. O Tribunal Arbitral não deverá recorrer às regras de equidade para resolver as disputas submetidas a ele.

Parágrafo Quinto. As decisões do Tribunal Arbitral serão finais, irrecorríveis e vinculativas para as Partes, seus sucessores a qualquer título e cessionários, que concordam em cumpri-la espontaneamente e renunciam expressamente a qualquer forma de recurso, com exceção da solicitação de correção de erro material ou esclarecimento de incerteza, dúvida, contradição ou omissão das decisões do Tribunal Arbitral, conforme previsto no artigo 30 da Lei nº 9.307/96 (“**Lei de Arbitragem**”), com exceção, ainda, do exercício de boa-fé do pedido de anulação estabelecido no artigo 33 da Lei de Arbitragem. Caso necessário, as decisões do Tribunal Arbitral poderão ser executadas em qualquer tribunal que tenha jurisdição ou autoridade sobre as Partes ou seus respectivos ativos. A decisão incluirá a distribuição e o reembolso de custos à parte vencedora, incluindo, sem limitação, honorários advocatícios e despesas razoáveis conforme o Tribunal Arbitral considerar adequado.

Parágrafo Sexto. Antes da instituição da arbitragem, as Partes poderão pleitear medidas cautelares ou de urgência ao Poder Judiciário. Após a instituição da arbitragem, todas as medidas cautelares ou de urgência deverão ser pleiteadas diretamente ao Tribunal Arbitral, a quem caberá manter, modificar e/ou revogar quaisquer medidas anteriormente concedidas pelo Poder Judiciário.

Parágrafo Sétimo. Medidas cautelares ou de urgência antes de instituída a arbitragem, bem como ações de execução e de cumprimento da sentença arbitral, quando aplicáveis, poderão ser pleiteadas na comarca de São Paulo, Estado de São Paulo. Para quaisquer outras medidas judiciais permitidas pela Lei de Arbitragem, fica desde já eleita exclusivamente a comarca de São Paulo, Estado de São Paulo. O requerimento de quaisquer medidas judiciais permitidas pela Lei de Arbitragem não será considerado uma renúncia aos direitos previstos neste Artigo 21^a ou à arbitragem como único mecanismo de resolução de disputas.

Parágrafo Oitavo. Todos e quaisquer documentos e/ou informações trocados entre as Partes, incluindo entre qualquer das Partes ou com o Tribunal Arbitral serão mantidos confidenciais pelas Partes e não deverão ser considerados uma violação da obrigação de confidencialidade prevista em qualquer Acordos de Acionistas. A menos que de outro modo expressamente acordado por escrito pelas Partes, ou exigido por Lei, as Partes, seus respectivos representantes e afiliadas, as testemunhas, o Tribunal Arbitral, a Câmara de Arbitragem e seu secretariado, comprometem-se a manter confidenciais a existência, o conteúdo e todas as sentenças e decisões relacionadas ao procedimento arbitral, juntamente com todo o material nele utilizado e criado para seus fins, assim como outros documentos elaborados pelas Partes durante o procedimento arbitral que não sejam de outro modo de domínio público – exceto se e na medida em que a divulgação for exigida por uma das Partes nos termos da Lei.

Parágrafo Nono. A menos que de outra forma acordado por escrito, as Partes devem continuar a executar de forma diligente suas respectivas funções e obrigações nos termos deste Estatuto Social enquanto um processo arbitral estiver pendente.

Capítulo X - Disposições Finais

Artigo 22º. Os casos omissos no presente Estatuto serão resolvidos pela Assembleia Geral e regulados de acordo com as disposições da Lei das S.A.
